

Dear IESians,

Summer vacations are here...!

Let's not forget that this year vacations are not meant to explore the world outside but present an opportunity to rediscover ourselves while staying home and being safe. Summer vacations has always been the most desirable period looked forward by the children. When they can go beyond academics. But this vacation is clouded with the gloominess of Covid Pandemic. So, embark on a journey of fun and adventure by reading books, exercising, meditating, dancing and channelizing your energy in a positive manner. In addition, during this break when you are homebound be a source of support and help to your parents and be positive.

IES PUBLIC SCHOOL, SEHORE
